

REMARKS/ARGUMENTS

Favorable reconsideration of this application as presently amended and in light of the following discussion is respectfully requested.

Claims 7-20 remain active in this case, Claims 1-6 having been previously canceled by way of the Preliminary Amendment filed September 26, 2003.

In the outstanding Official Action Claims 7-20 were indicated as being allowable except for formal matters requiring amendment to the title and a new Abstract that is clearly indicative of the invention.

Accordingly, the title and Abstract have been amended herewith. Therefore, since no further issues remain outstanding in this case, the present application is believed to be in condition for formal allowance. An early favorable action to that effect is respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
